East Hampton Alerts Notification System

Your safety is our main concern. Currently, all white page phone listings are automatically included in the Town's Notification System powered by Everbridge and you will be notified if there is an emergency. You can also choose to register cell numbers, email and more – you choose which alerts you are interested in receiving; you pick where; you pick how.

If land lines are out, East Hampton ALERTS will reach you via the alternate contact information you provide.

Emergency and Community Alerts

East Hampton Alerts (EHA) can notify thousands of residents and businesses in seconds.

What You Can Find Out

You can sign up to receive:

- Severe Weather Warnings
- Road Closures/Traffic Alerts
- Town Closings
- Public Works Projects in Your Area
- Non-Emergency Health Information

How Does It Work?

The process begins when the Town issues a message about a potential emergency, concern or Town event. The EHA system dials your main contact number or sends an email, text message or fax.
